

FOREST SCHOOL

Clubs & Societies
A Guide for pupils

Introduction

Welcome

This is a guide to all the extra-curricular Clubs & Societies which are available to you, this year at Forest.

Teachers strive to create and provide extra-curricular opportunities for you to explore your interests, whether that be in music, cooking, coding or politics. As you can see from this page, there is a substantial choice of clubs and activities.

We want you to try new things and potentially develop skills which you may not have explored before. However, you won't be good at everything and certainly not straight away so do choose your clubs and societies carefully and always aim to stick with something for at least a term before switching and trying something new if you wish.

We expect you to be self-motivated, independent and committed to the school community both inside and outside of the classroom. Joining a club, team, ensemble or society is a great way to get involved and take full advantage of all that Forest has to offer.

Miss G Van Praagh

Head of Co-Curricular

Year Group Key

Each year group is represented by one of the following colour tabs, indicated below. Each clubs within this booklet will have one or more coloured tabs to inform you as to which year groups are welcome to join that club or activity. Please note that some clubs, despite the year group, are for scholars only.
