

### Learning Aims and Curriculum Intent:

<p><b>Intent:</b>          As a department we are fundamentally committed to providing students with outstanding learning opportunities and, as a result, we intend to make a significant contribution to the field of Art Education. Put in simple terms, we intend:          To be recognized as one of the most forward thinking and successful Art departments in London (and by extension the world).          To be recognized as a center of excellence in Art education (beyond merely secondary education).          To provide outstanding opportunities and experiences for Forest Students.          To provide outstanding Art opportunities for the wider community.          Our curriculum is fundamental in making this happen.</p>	<p><b>Departmental Aims:</b>          Broadly, the curriculum will form an important part in enabling the realisation of the Art department's 'Vision and Values Statements' (points 1, 2 and 3 are of particular relevance). These statements are a means of bringing our intent to life. They are outlined below:          (1) Our curriculum is Broad and values Inclusion, Diversity and Sustainability.          (2) Forest Students Have an Excellent Art Experience.          (3) We Raise the Profile of the Department so it is High Profile.          (4) Staff have access to Excellent Subject Specific CPD.          (5) Students Art education prepares them well for life beyond the White Gates allowing them to engage with the aesthetic world with confidence and appreciation.          More specifically, the Year 7 curriculum will support students in acquiring the KS4 Skills, Knowledge and Threshold concepts for Photography which are outlined below.</p>

<b>Examples of Homework</b>	<p>(1) Take a series of photographs of 'Boring Objects' from several angles (in reference to Jergen Teller's work). Ensure that you:</p> <ul style="list-style-type: none"> <li>• Take at least ten photographs.</li> <li>• Explore different angles.</li> <li>• Explore different perspectives.</li> <li>• Utilise a variety of framing techniques.</li> </ul>										
<b>Key terminology</b>	<p>Great teaching can perhaps be understood as being akin to Jazz Improvisation. E.g. Freedom to respond to an environment in a way that is sensitive and brings about new learning and experiences can only occur within very strict and well-constructed boundaries and frameworks. With this in mind it is important to note that, throughout the course of a project, and as a result of expert teaching, some key terminology will develop unexpectedly. For this reason, the list below is not exhaustive. However, as a minimum, the following terms will be explored:</p> <p>Composition, Refinement, Critical analysis, Documentation, Recording, Presentation, Development, Observation, Tone, Line, Texture, Shape, Form, Pattern, Space, Light, Assemblage, ISO, Aperture, Shutter Speed, Symmetrical Balance, Asymmetrical Balance, Fix, Developer, Photogram, Chemigram, Cyanotype, Long Exposure, Short Exposure</p>										
<b>Super-curricular enrichment and scholarly extension</b>	<p>Due to the self-directed nature of KS4 content, students Super Curricular requirements will differ. As such, we will differentiate and propose different super curricular opportunities to students on a case by case basis. This will be evidenced in students tutorial logs/ digital sketchbooks and can be shown upon request. However, for Michaelmas 1, all students will be encouraged to...</p> <p><b>Michaelmas:</b></p> <p><b>Read:</b> 'Ways of Seeing' John Berger</p> <p><b>Watch:</b> Wolfgang Tillmans – 'What Art Does in me is Beyond Words' <a href="https://www.youtube.com/watch?v=aYIXGdoTwWA">https://www.youtube.com/watch?v=aYIXGdoTwWA</a></p> <p><b>Visit:</b> The Photographer's Gallery <a href="https://thephotographersgallery.org.uk/">https://thephotographersgallery.org.uk/</a></p> <p><b>Lent:</b> Differentiated based on individual student needs/ topics.</p> <p><b>Trinity:</b> Differentiated based on individual student needs/ topics.</p>
