

Menu

What we do starts and ends with enjoyment - Cooking great tasting, healthy food that our pupils look forward to eating, with a catering team who love what they do.

We were the first company to provide catering and housekeeping services to independent schools.

After more than 50 years we still live by the principles that have made us who we are today:

Great food - Cooked from scratch, tasty, nutritious and made from ingredients we are proud of.

Community - Our catering and housekeeping teams are part of both their school family and the Chartwells Independent family - supported with training, food events and friendly expert advisors.

Innovation - New ideas are born every week from Food Festivals to Food Super Heroes. Check out our [Twitter](#) feed to see what we are up to today [@ChartwellsInd](#)

Supporting our Schools - We love the challenge of reflecting the variety and individuality of each of our schools through our food and service. This happens every day in the dining hall, as well as through parents events, end of year celebrations, fundraising dinners and more.
